

Literacy:

Reading: (All activities and links are found under 'Reading')

- RAZ Kids (**Daily**): Independent Reading
- Morning Message (**Daily**): A new message will be posted each day.
- Poetry (**Daily**): Read the Word Family Poems (Word Family of the Week: -ing)
 - **Optional**: Print the poems. Students will:
 1. Circle words from the 'ing' family (i.e., words ending in 'ing')
 2. Highlight words from the Word Wall (use Portable Word Wall found under 'Resources')
 3. Underline letter 'chunks' (e.g., ch, sh, th, ee, ea, etc.)
- Reading Comprehension (**Weekly Assignment**):
 - Video (YouTube): Wolf Island by Celia Godkin *Students will need to watch this video before completing their writing assignment.
 - Retell (**Optional**): Use the Story Map to retell Wolf Island using drawings. (Students should identify the main characters, setting, problem, main events [beginning, middle, end], and solution.)
- Joke of the Day (**Optional**)

Writing: (All activities and links are found under 'Writing')

- **Writing Assignment #2** (**Weekly Assignment**): Retell the story of Wolf Island using the picture prompts as a guide. Suggested guideline: **1 page per day**
*Please ensure that the **students** are doing the writing and are not just copying print. The students should be writing independently, using the Word Wall and Spelling Dictionary (found under Resources) as tools to increase their spelling accuracy. 'Kid writing'/inventive spelling is acceptable for unfamiliar words. **The writing should reflect the students' abilities.**

Word Work: (All activities and links are found under 'Word Work')

- **Words of the Week** (**Daily**): Complete the daily activity under 'Word Work'. (There is an activity posted for each day of the week.)

Math:

Measurement:

Introduction to Measurement Using Nonstandard Units (**Weekly Assignment**):

- **Assignment #1**: How Big Is a Foot?
- **Assignment #2**: Measuring Length Using Your Feet
- **Assignment #3**: Measuring Length Using Your Hands

*Please see the assignments on the website for more details.

Numeracy:

- **Problem of the Week** (**Optional**): Answer the problem, using the sheet provided (if possible). *Don't forget to email a picture of your work please!
- **Number Talk** (**Optional**): A new 'Number Talk' will be posted each day. *The students are familiar with the Number Talk process. This activity is done **orally** and is used to

develop mental math strategies. The students are asked to not only find the answer, but to explain **how** they got there (i.e., what **strategy** they used to get the answer→”How do you know?”)

- **Calendar Activities** ([Optional](#)): Starfall website

Other (Optional) Activities:

(All activities and links are found under ‘Other’)

STEM Bins ([Weekly Challenges - Optional](#)):

*Use materials found within the house to complete the challenges posted. You are not required to purchase anything if you do not have the materials!

- **Challenge #1: Building with Lego:** See Challenges posted under ‘STEM Bins’.

Art ([Weekly Assignments - Optional](#)) *Videos posted under ‘Art’.

- **How to Draw a Cartoon Easter Bunny**
- **How to Draw an Easter Chick**
